

ROMANIA MOBILITY (CAMPULUNG MOLDOVONESC)

- This is a picture of opening ceremony day. Romania displayed their traditional costumes and talked about their history. It was a very nice and warm welcome .

- Each country had a culture desk . As Turkey group, we made our best to introduce our culture. All groups paid attention and took lots of pictures. Thanks for the kind interest .

* Our kind and hospitable colleagues took us to their medical school. Head teachers made a demonstration of first aid and all students from other countries practised all steps one by one.

- We went to painted egg museum. It was very nice to see one of the most beautiful, unique masterpieces of art. We liked these hand painted eggs so much. We practised dying it but it was really difficult ..

The mayor had a meeting with Comenius group. He explained us the history of Campulung and showed some old times photographs. He was very kind.

We went to a very lovely farm. They had such a big cottage that we all admired. They make their own diary, wine, pastry, sausages. We tasted these delicious meals and snacks. Everything was perfect.

Romanian people were very hospitable and sincere. They gave us certificates and we ended up our nice mobility .A big thank you for everyone 😊
